OUTLINE OF ACTIVITIES FOR THE YEAR ON WHICH YOU ARE REPORTING:

The WWDHLN continues to enjoy a great diversity among its membership with representatives from Academic, Medical, Public and Public Health libraries. A highlight for all who are able to attend our quarterly meetings is the opportunity to share during our Roundtable Agenda item. There is always a chance to glean a valuable nugget of information from learning what others around the table are focusing on and how it can possibly be adapted to our own environments. Occasionally we gather informally in smaller groups – such as the “healthcare” institutions to discuss issues affecting us. Many members participate in the Education Institute Webinars which are occasionally a topic of discussion at our meetings.
